

## Thanhouser Films Alphabetical Listing

Thanhouser-Princess-Falstaff

Copyright© 1994 Q. David Bowers. All Rights Reserved.

The titles listed are those used in Thanhouser advertising, on film leaders, and in publicity. In instances in which films had working or preliminary titles, or were released under more than one title, those additional titles are also given. The term *alternate title* refers to a secondary title or one used in occasional publicity. The term *a.k.a.* (also known as) refers to a title which was used interchangeably with another.

The dates given are the dates of actual release in the United States. Publicity, synopsis, review, and advertising dates listed in various publications are apt to be different. Dates of release in foreign countries were typically several months later than the release dates in America. (British release dates are available in a separate appendix.) Certain later reissues of Thanhouser films by the Arrow Film Corporation are listed.

The designations "Princess" and "Falstaff" indicate that these films were made by these departments of the Thanhouser Film Corporation.

For detailed information, each title may be consulted in the Filmography of the CD-ROM *Thanhouser Films: An Encyclopedia and History* by Q. David Bowers.
